## 英語で平和記念公園を 説明してみよう Part3!

### Hiroshima Peace Memorial Park, Part 3

A competition was held to choose the design for Peace Memorial Park. From the 145 designs that were submitted, the judges chose the plan made by a group from Tokyo University. The leader of this group was Kenzo Tange, an assistant professor who became a world-famous architect. The winning plan, though, was changed in several ways before construction of the park began. Finally, when construction started, many human bones were found in the ground.
