原爆ドームを英語で説明 してみよう Part 1 !

The Atomic Bomb Dome is also known as the A-bomb Dome. The building was once the Hiroshima Prefectural Industrial Promotion Hall. It opened in 1915 and was designed by a Czech architect named Jan Letzel. It was used to display and sell products from Hiroshima Prefecture. It was also used for art exhibitions and other art events. During World War II, the government set up offices in the building. The atomic bomb exploded almost directly above it.
